

## PUBLIKATIONSLISTE

### Paper:

STORK B, ENGELKE M, FREY J, HOREJŠÍ V, **HAMM-BAARKE A**, SCHRAVEN B, KUROSAKI T, WIENANDS J. (2004): Grb2 and the non-T cell activation linker NTAL constitute a novel Ca<sup>2+</sup>-regulating signaling circuit in B lymphocytes. *Immunity* Nov;21(5):681-691.

TOGNI M, LINDQUIST J, GERBER A, KÖLSCH U, **HAMM-BAARKE A**, KLICHE S, SCHRAVEN B. (2004): The role of adaptor proteins in lymphocyte activation. *Mol Immunol.* Jul;41(6-7):615-630.

MONTAG-SALLAZ M\*, **BAARKE A\***, MONTAG D. [\* both authors contributed equally] (2003): Aberrant neuronal connectivity in CHL1-deficient mice is associated with altered information processing-related immediate early gene expression. *J Neurobiol.* Oct;57(1):67-80.

### Abstracts:

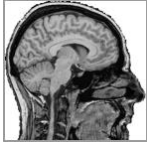

**HAMM-BAARKE A**, SELIGER, N., SCHRAVEN, B. (2004): Analysis of B lymphocyte function in NTAL-deficient mice. 8 th Joint Meeting Signal Transduction.

STORK, B., ENGELKE, M., FREY, J., HOREJŠÍ, V., **HAMM-BAARKE A**, SCHRAVEN, B., KUROSAKI, T., WIENANDS, J. (2004): Grb2 and the non-T cell activation linker NTAL constitute a novel Ca<sup>2+</sup>-regulating signal circuit in B lymphocytes. 8 th Joint Meeting Signal Transduction.

**BAARKE A**, MONTAG-SALLAZ M. & D. MONTAG (2000): Different *c-fos* expression in the brain of mice deficient for the close homologue of L1 (CHL1) after gustatory stimulation. - Forum of European Neuroscience in Brighton, *Eur. J. Neurosci.* 12, Supplement 11, 335.

**BAARKE A**, MONTAG-SALLAZ M. & D. MONTAG (2000): Different *c-fos* expression in the brain of mice deficient for the close homologue of L1 (CHL1) after gustatory stimulation. - Xth Magdeburg International Neurobiological Symposium: Mechanisms of Learning and Memory.

## PUBLIKATIONSLISTE

**BAARKE A.** & B. MENSCH (1998): Kleinsäugermigrationen in der Agrarlandschaft – wann wohin? - 16. Ethologentreffen in Halle.

MENSCH B., SCHNEIDER R. & **A. BAARKE** (1997): Kleinsäuger auf Nahrungssuche - Einfluß von Randstruktur und Landnutzung. - Verh. Dtsch. Zool. Ges., 90. Jahresversamml. G. Fischer Stuttgart, New York, 369.
